## OUTLOOK FOR PEACE DUBIOUS

Turkish Government Evidently Expects Rupture of Peace Negotiations and is Making Preparations to Continue the War With the Balkan States—Differences Between Serbia and Austria May Be Amicably Adjusted.

London, Nov. 30.—"The government is actively preparing for a possible rupture of the peace negotiations and a resumption of hostilities," the Daily Telegraph's Constantinople correspondent says. "The streets again are swarming with soldiers."

"The Lule Burgas veterans are preparing to return to the front and the relief are marching to barracks to be provided with uniforms and equipment."

"The great square in front of the ministry of war is a veritable camp, where thousands of recruits are awaiting orders to march."

## MAY SOLVE BALKAN CRISIS

Diplomats Hope to Satisfy Both Austria and Serbia.

St. Petersburg, Nov. 30.—The chances for a peaceful solution of the Balkan crisis are increasing daily. Russian diplomacy, supported by that of France and Great Britain, expects to tide over the Austro-Serbian conflict regarding the Adriatic and drive a bargain with Austria and Italy based on recognition of Albanian autonomy in return for Austria giving Serbia access to the sea.

The main object is peace, but not peace at any price. The most important task for diplomacy at present is to hasten a conclusion of the negotiations between Turkey and Bulgaria.

## WOULD BLOW UP BELGRADE

Report From Vienna Says Citadel Is Mined.

London, Nov. 30.—A dispatch to a news agency from Vienna says that a message received there from Belgrade declares that the citadel in Belgrade has been mined and that it may be blown up on the entry of foreign troops.

A majority of the trades people, officials and leading manufacturers of Belgrade, by government order, have removed to Nish and Laskovatz and others are preparing to depart from the Serbian capital.

## SERVIA EXPECTS SETTLEMENT

Belgrade Opinion Is Tension With Austria Is Relaxing.

Belgrade, Nov. 30.—The entrance of the Servians into Dibra has been greeted with enthusiasm by the populace. The general opinion here is that the tension between Serbia and Austria is growing less and that a peaceful settlement between them is in prospect.

## BOMB ONLY FIRECRACKERS

Suffragettes Cause Excitement by Attack on Lloyd George.

Aberdeen, Scotland, Nov. 30.—Some excitement was caused here when what at first was believed to be an infernal machine intended for David Lloyd George, chancellor of the exchequer, was found in the hands of a suffragette, who was discovered hiding in the hall where Lloyd George was to deliver an address. It turned out, however, to be a box containing firecrackers.

The woman who had it and two of her suffragette companions were arrested.

They were hiding behind the organ in the music hall and were discovered before the doors were opened.

## WOMEN DESTROY MORE MAIL

Suffragettes Pour More Acid Into London Mail Boxes.

London, Nov. 30.—Despite the close watch which has been inaugurated by the police suffragettes again destroyed the contents of various mail boxes by pouring chemicals into them.

They even invaded the general post office, where acids were placed in several boxes. In the financial section, where the contents of the mail receptacles are always valuable, numerous pieces of mail were destroyed.

## SEVENTEEN DIE IN CHASE

Many Fatalities in Woods of Northern Michigan.

Calumet, Mich., Nov. 30.—Seventeen men and boys were shot and killed, drowned or died of exposure while hunting in Northern Michigan woods during the season which closed today. Several were victims of hunters who shot at "moving bush."

Four of the victims were clad in flaming red coats, two were drowned and one is missing, believed to have died of exposure or of shot wounds. Two are held at Ontonagon on a charge of murder for the death of one man.

## WALTER L. FISHER.

Secretary of the Interior  
Wants His Powers Curbed.

## FISHER WANTS LESS POWER

Would Relinquish Authority to Grant Water Rights.

Washington, Nov. 30.—Secretary of the Interior Fisher announced that he would recommend to congress in his forthcoming annual report the repeal of the act of 1901 investing the secretary of the interior with power to grant rights of way for water systems and other purposes on public lands of the United States, under which the city of San Francisco is seeking to gain admittance to the Hetch Hetchy valley in the Yosemite National park for its water supply.

MANY FATALITIES  
IN PHILIPPINESReports Indicate Typhoon Caused  
Hundreds of Deaths.

Manila, Nov. 30.—Owing to the prostration of the telegraph wires no definite estimate is yet possible of the number of fatalities or of the property losses by the typhoon which crossed the islands of Samar, Leyte and North Panay several days ago.

Such information as has been received indicates that 260 persons were killed in Samar and Leyte and fifty in the other territory traversed by the storm. Despite the enormous damage in Tacloban, capital of Leyte, the fatalities there were less than a dozen.

The government is forwarding relief supplies to the stricken district.

No word has been received from Mindanao, except a wireless dispatch from the transport Warren, which said the storm was unusually severe.

## COLONEL WILL BE AT MEETING

Roosevelt to Help Progressives Make Plans for the Future.

Washington, Nov. 30.—Senator Joseph M. Dixon, chairman of the Progressive national committee, who has just returned from a visit to Oyster Bay, said that Colonel Roosevelt would attend the national conference of Progressive leaders to be held in Chicago on Dec. 10 and 11. Mr. Dixon also expressed the opinion that Governor Johnson would attend.

He announced that there would be a meeting of the executive committee of the national conference Dec. 8. Senator Dixon declared that he felt assured of a large attendance of representative men from the various states. The conference, he said, would be devoted largely to devising ways and means for carrying on the work of organization during the next four years.

## WOULD RECALL ALEXANDER

Former Los Angeles Assistant City Prosecutor Starts Movement.

Los Angeles, Nov. 30.—A recall movement was launched against Mayor Alexander as a direct outcome of the municipal scandal that began several weeks ago with the arrest of City Prosecutor Guy Eddie on the charge of having committed an offense against a young woman.

The head of the recall movement is Fred M. C. Choate, former assistant city prosecutor, who was dismissed from office at the order of the mayor on account of his connection with the secret arrest of Fred Lloyd, a detective, and a witness against Eddie.

The recall movement started with an advertisement for 100 men and women to circulate recall petitions.

## SUIT TO STAY DAM BUILDING

Wisconsin Governor Wants Legislation to Decide Policy.

Madison, Wis., Nov. 30.—Governor McGovern directed the attorney general to begin action to restrain the present owners of Byron dam, which crosses the Wisconsin river in Wood county, raising the dam to a height greater than eight feet.

This action is declared by the governor to be a move to protect people of the state in their water power rights. If the state is successful it will mean no dams can be built in any navigable streams in Wisconsin until the coming legislature has definitely determined upon the water power policy of the state.

Senate Resolution.

## IS A LIVE TOPIC OF DEBATE.

No Reactionaries Among the Democrats of the Senate After March 4. When Joe Bailey Steps Out—Those Who Have Inclined to Follow His Ideas Have Become Progressives.

By ARTHUR W. DUNN.

Washington, Nov. 27.—[Special.]—One term and a change of the capitol these days. The one term resolution is before the senate, and if its friends are in earnest they may be able to secure action upon it. So far, however, sufficient opposition has been developed to show that it cannot get through the senate or if it should it would be amended in the house by having the Henry resolution attached to it. This provides for a change in the inauguration date from March 4 until the last Thursday in April.

Both subjects will furnish a topic of debate, and it looks as if the short session will not care to do much save debate questions like these. There is a general feeling among Democrats that they had better hold up most legislation until they are in full control in the extra session.

## All Progressives.

There are to be no reactionaries among the Democrats of the senate after the 4th of March. Joe Bailey has said that he now stands alone as the man upholding the traditions of the fathers and the strict construction of the constitution. There will be no Bailey after the 4th of March, and all those who have been inclined to follow him will be found working with the so called progressives of the senate. There is a belief that they will try in the early stages to "go long" with President Wilson and keep away from party divisions.

## Seniority Undisturbed.

The fact that all Democrats in the senate will be progressives avoids any contest over chairmanships of committees that was at one time anticipated. Senator Simmons of North Carolina will be chairman of finance. Tillman of appropriations, Culberson of judiciary, Bacon of foreign relations, Martin of commerce, Johnson of military affairs, Smith of Maryland of naval affairs, Bankhead of post-offices, Gore of agriculture, Swanson of public buildings and grounds and Newlands of interstate commerce. There may be trades and adjustments to make changes, but the right of seniority will be recognized and no effort made to displace any men because they have not been as progressive as the majority of the party or as sound on the tariff as several senators thought they should be.

## Two Positions of Honor.

In addition there are two other positions of honor to be awarded, and they will go to two of the oldest members of the senate. Bacon will be president pro tem., and Martin will be chairman of the caucus. One of these positions might have been given to Tillman if he had been in better health. Bacon, Martin and Tillman are the seniors on the Democratic side, each having eighteen years to his credit and elected for six years more, beginning March 4.

## Like Abou Ben Adhem.

Abercrombie of Alabama is like Abou Ben Adhem in one respect—he leads all the rest. By reason of his name he is the first on the alphabetical list of the new house, displacing Adair of Indiana, who has been the bellwether on the Democratic side for many years. It has been claimed that one reason why Abou ben Adhem headed the list was because he had it on the alphabetical arrangement of his name.

## Jumping on Willis Moore.

When there is nothing else in sight there is always the pastime of jumping on Willis Moore, head of the weather bureau. The mention of Moore for a place in the cabinet started a fresh crop of kicks. Moore has been so long at the head of the weather bureau that he has made many enemies, and they are all trying to get him out. Charges are made to the secretary of agriculture and to congressional committees. He is investigated and exonerated, and then new charges are made. And still Moore sticks on the job.

## Will Not Be Discouraged.

For four years Secretary Meyer has recommended the creation of the grade of admiral or vice admiral for the navy, and yet no action is taken. He again recommends it to a Democratic house, which has the tendency to cut down rank instead of making new and higher grades. Meyer will probably retire from the navy department with the consciousness that he did all he could and if congress refused to preserve the navy by having higher grades it will not be his fault.

## Campbell Confident.

Phil Campbell of Kansas is confident and even optimistic. He might almost be in the same class with Charles Hilles. The Kansas congressman asserts that the Republicans will get together and win a big victory in the next election two years hence.

## A Long Workday.

Fourteen hours were considered a day's work for miners during the early part of the last century.

## CHARLES H. HYDE.

Former New York City Official  
Is Found Guilty of Bribery.

## HYDE GUILTY OF BRIBERY

Former New York City Official Is Convicted.

New York, Nov. 30.—Charles H. Hyde, former city chamberlain, was found guilty of bribery in connection with the performance of his duties as a city official.

The jury rendered its verdict after nearly three and a half hours' deliberation.

Justice Goff remanded Hyde until Dec 4 and the former chamberlain was led across the Bridge of Sighs to a cell in the Tombs. It was his first taste of prison life, for he had been at liberty on bail since his indictment and during his trial.

Hyde is accused, in the words of state's counsel to the jury, of using "the power and the pressure of his official position unlawfully to induce" Joseph G. Robin, head of the defunct Northern bank, to cause the bank to loan the tottering Carnegie Trust company \$130,000.

HANGING OF INDIAN  
FOLLOWS CONCERTWarden Accedes to Novel Wish  
of Condemned Man.

San Quentin, Cal., Nov. 30.—Ed Williams, an Indian, was hanged here after the prison band had given a three-hour concert in the death chamber for his benefit.

Williams murdered his consort, Inez Brooks, in a drunken frenzy and shot several other persons. He had been reprieved several times and a day or so ago announced that he did not want any more reprieves—that he wished to be hanged promptly, if at all.

Warden Hoyle and Colonel Dennis Duffy, president of the California state board of prison directors, went to see Williams up in the top loft of the old San Quentin furniture factory, where he sat gossiping with the death watch.

"There's only one thing I'd like to have," he said in response to a query by Hoyle, "and I guess that's too much trouble. I'd like to have the band play."

The prison orchestra was sent for and huddled through the gallows room to his cell.

As Williams was led to the scaffold he paused to speak to Hoyle.

"I'm obliged to you for the music," he said.

## CONFESSES THREE CRIMES

J. F. Hickey Admits Murders and Many Assaults.

Buffalo, N. Y., Nov. 30.—The accidental killing of a man in Lowell, Mass., twenty years ago was given by John Frank Hickey in a signed confession as the starting point of a career of debauchery and crime, during which he murdered two boys and assaulted many others. Hickey's victims, according to his confession, were Ed Morey of Lowell, Mass., poisoned with laudanum more than twenty years ago; Michael Kruck, twelve years old, a New York newsboy, strangled in Central park in 1902; and Joseph Josephs, the seven-year-old son of George Josephs, a merchant of Lackawanna, strangled Oct. 12, 1911.

"The details of Hickey's principal crimes are too revolting to make public," District Attorney Dudley said.

## BILL FOR BUDGET COMMITTEE

Representative Sherley Will Press Measure in House.

Washington, Nov. 30.—A revolutionary reform in the entire fiscal scheme of the government, so far as the provision of funds for governmental expenditures is concerned, is projected in a resolution to be pressed in the house at the coming session by Representative Sherley of Kentucky, the third ranking Democrat on the house appropriations committee.

Representative Sherley's resolution, introduced at the last session, contemplates the creation of a budget committee, which shall have original jurisdiction over all estimates for annual expenditures and shall allot to the various appropriation committees of the house the amounts available for the various branches of the government services.

## BUNN ON SUPREME BENCH

Minnesota Governor Makes Several Appointments.

St. Paul, Nov. 30.—Judge George L. Bunn of St. Paul, who was defeated for election as associate justice of the supreme court by Oscar Hallam, was appointed to the vacancy created on the supreme court by the promotion of Associate Justice C. L. Brown to the chief justiceship. Governor Eberhart also announced the appointment of F. M. Catlin, now chief of police in St. Paul, to fill Judge Hallam's place on the Ramsey county district bench. Under the law both appointments hold only until the next election.

Judge Bunn, who was a Ramsey county district judge, was appointed to the supreme bench in 1911 to succeed the late Judge E. A. Jaggard. He is a Democrat.

The reappointment of F. B. Wood as adjutant general of the state militia for a six-year term was also announced.

## APPEAL TO POLES TO REVOLT

Warsaw Pamphlets Ask It on Revolution Anniversary.

London, Nov. 30.—Pamphlets have been distributed in the streets of Warsaw calling upon the people to celebrate the anniversary of the Polish revolution of 1830 by declaring that the Polish nation must take active measures against Russia, says a special dispatch received here from Warsaw.

Troops patrol the city, the dispatch continues, and there have been numerous arrests of students and workmen. The managers of the Polish schools have been informed that their institutions will be closed if the students attend church services commemorating the revolution.

## PREACHER A GRAVE ROBBER

Said to Have Taken Money Buried With Indian.

Poteau, Okla., Nov. 30.—G. W. Adkins, a Baptist preacher, was convicted here on the charge of robbing the grave of Wiley Kincaide, wealthy Indian, who was buried near Brazil, Okla., more than fifty years ago. It is said a large amount of money was buried with Kincaide's body in accordance with the terms of his will.

The jury was unable to agree on a prison sentence for Adkins, who is fifty-nine years old.

Three other men are awaiting trial here on the charge of robbing the Indian's grave.

## MEXICANS MAKE NO RAIDS

Invaders Reported in Hiding in San Mateo Mountains.

Hillsboro, N. M., Nov. 30.—Merced Montoya, a merchant and rancher of Monticello, a village in Western Siera county, who arrived here, reports that the band of men believed to be Mexican rebel or guerrillas in sympathy with the Orozco revolution, has gone in hiding in the San Mateo mountains. Montoya talked with the leader, who spoke good English.

So far as known the band has made no raids, other than possibly the killing of live stock on the range to meet their immediate needs.

Desire to Aid House Members in Framing Bills.

## PLAN IS TO WORK TOGETHER

Making of Tariff Measures Belongs Exclusively to the Lower Branch and the Senate Does Not Get a Chance to Discuss Such Legislation Until After Being Passed by House.

Washington, Nov. 30.—Representative Oscar W. Underwood, Democratic tariff leader of the house, when he begins his conference with house associates over the plans for tariff revision next spring, will be met with a suggestion from senate Democrats that the senate be given a first hand chance at the framing of the tariff bills for the Wilson administration.

A plan for co-operation between the Democrats of the two houses, which has been advocated for some time by Senator Holke Smith of Georgia and other members of the senate, is receiving attention from incoming members and probably will have considerable support.

The making of tariff bills belongs exclusively to the house, the senate getting the measures only after the house has completed them. Democratic members of the senate finance committee are urging, however, that that body and the house ways and means committee be converted, informally, into a joint body; and that the two houses work in harmony from the beginning for the tariff legislation of the Democratic administration next summer.

Representative Underwood's arrival in Washington will bring tariff plans to the front. Members of the ways and means committee have been urged by the chairman to withhold expression of opinions; but many of them have publicly declared in favor of a revision of the tariff, schedule by schedule, the plan that will be favored it is believed, by Chairman Underwood.

This number includes Representatives Hull of Tennessee, James of Kentucky, Dixon of Indiana and Peters of Massachusetts.

## UNCLE JOE DEFENDS PARTY

Declares Republicans, Led Astray by Colonel, Will Return.

Chicago, Nov. 30.—Joseph G. Cannon, former speaker of the house of representatives, reached Chicago from his home at Danville, Ill., en route to Washington. The congressman bit into a cigar and stared at the ceiling in retrospective mood.

"I'll soon be a private citizen," he said finally. "Pretty soon I'll be out of the active game. But I'll keep busy."

"Let me tell you something. The Republican party is still a great, big, patriotic party. It is not dead and it never will die. This defeat is not the first one in its history."

"The Progressive movement and its effect on the old party will not be everlasting. There were many good Republicans who were led astray by the personality of Colonel Roosevelt and who paid no regard to the principles he was supporting. But these good souls soon will realize their mistake and then will be back in the fold."

## JACKSON BECOMES SENATOR

Maryland Governor Names Successor to Isidor Rayner.

Baltimore, Nov. 30.—Governor Goldsborough announced the appointment of William P. Jackson, Republican national committeeman for Maryland, to succeed the late Senator Isidor Rayner.

He will serve until the legislature, which meets in January, 1914, fills what will then be an unexpired term of three years. The legislature at that time also will elect a successor to Senator John Walter Smith (Democrat) whose term will expire in 1915.

Mr. Jackson, who is a resident of Salisbury, on the eastern peninsula, has been associated with the governor socially and politically. In the recent presidential campaign he was the leader of the Taft forces in this state. Mr. Jackson is forty-four years old and a business man of large and varied interests, chief of which is the manufacture of lumber. He is reputed to be a millionaire.

## Saloon Wrecked by Bomb.

West Pullman, Ill., Nov. 30.—The saloon of Fred Nigro was wrecked by a bomb and windows were broken in nearly every home within a block of the place. Nigro had received two Black Hand letters within a month telling him where to hide \$1,000 and threatening to wreck his saloon if the demand was ignored.

## \$140,000 ON THE CITY DUMP

Stolen Bonds, Checks and Coupons Found in Kansas City.

Kansas City, Nov. 30.—Bonds having a face value of \$140,000, together with checks and a small amount in coupons that disappeared July 5, when two registered mail sacks were stolen while en route from the postoffice to the railway station here, were found on the city dump by three laborers.

ASSERTS HOCKIN  
WAS INFORMERSon of Detective Burns Testifies  
at Conspiracy Trial.

## ON TRAIL OVER FIVE MONTHS

Two Other Sleuths Assert They Shadowed Ortie McManigal and James B. McNamara From Chicago to a Hunting Camp in Wisconsin and of Spying Upon Them With Field Glasses.

Indianapolis, Nov. 30.—Raymond Burns testified at the so called dynamite conspiracy trial that more than five months elapsed from the time he located Ortie E. McManigal and James B. McNamara before the dynamiters were arrested. During that time ten explosions occurred. Once McManigal was lost sight of and later it was learned he had been to Los Angeles, where he caused an explosion in the Llewellyn iron works.

Burns testified that Herbert S. Hockin, the alleged betrayer of his fellow defendants, gave him descriptions of McManigal and McNamara and information concerning some of the explosions they had caused.

Two operatives of the Burns detective agency testified that they shadowed McManigal and McNamara from Chicago to a hunting camp in Wisconsin and told of numerous visits to the dynamiters' camp and of spying upon them with field glasses.

Burns said that Hockin first met him in a hotel lobby in Chicago Nov. 2, 1910, one month and one day after the Los Angeles Times explosion in which twenty-one persons were killed. Hockin told him, he said, that Brice, then being sought on the Pacific coast, was James B. McNamara and that J. W. McGraw, wanted for explosions in Peoria, Ill., was McManigal.

Acting on this information he said he located McManigal's house in Chicago and traced him to the North-western railroad station, where on Nov. 5 he pointed him out to William J. Otts and Benjamin F. Damon, two operatives from his father's detective agency. He instructed the operatives to shadow McManigal, he said.

What Burns Testified To.

Burns' testimony in part, the questions eliminated, continued:

"Two weeks later I again met Hockin in Chicago. He told me he was satisfied John J. McNamara of the Ironworkers' union and a brother of James B., was doing the dynamiting for what money there was in it and he said he did not like it, for he was afraid it would ruin the union."

"Later William J. Burns, Hockin and myself met. William J. told Hockin the result of the investigation on the Pacific coast, which was that Olaf A. Tveitmo and Anton Johansson of San Francisco had furnished Caplan and Schmidt and arranged with them to blow up the Times building. William J. asked Hockin if he knew anything on this point. Hockin replied he knew nothing about what Tveitmo did, as that was a matter handled on the coast."

"Hockin did say, however, that Tveitmo and Johansson had arranged to blow up William J. in Seattle or San Francisco by placing a bomb in a room next to his room at a hotel."

"Hockin met me again in January. I asked him where McManigal was. He said he did not know. That was the time McManigal had gone to Los Angeles to blow up the Llewellyn works."

Otts and Damon testified that when they shadowed McManigal from Chicago he was joined at Kenosha, Wis., by James B. McNamara and the two together went to the hunting camp near Conover, Wis.

## COMMERCE COURT DOOMED

Democrats Will Not Appropriate Funds to Maintain It.

Washington, Nov. 30.—The commerce court created by congress in 1910 on the recommendation of President Taft will pass out of existence March 31 next. No appropriation for its maintenance is carried in the annual legislative bill. This measure is nearing completion in the house committee on appropriations.

The legislative bill passed at the last session carried an appropriation sufficient only to keep the court going until March 31.

The commerce court is unpopular with Democrats and Progressive Republicans, who declare the new tribunal has nullified in part the work of the interstate commerce commission.

## FIRE IN UNION STOCK YARDS

Flames Destroy Armour &amp; Co. Provision House.

Chicago, Nov. 30.—Fire destroyed the provision house of Armour & Co. at the Union stock yards, causing a loss estimated at \$200,000. The building was a three-story brick structure and was separated by fire walls from half a dozen other buildings comprising the Armour plant.

The blaze started in the basement of the provision house and spread rapidly.

Hundreds of Deaths.

Manila, Nov. 30.—Owing to the prostration of the telegraph wires no definite estimate is yet possible of the number of fatalities or of the property losses by the typhoon which crossed the islands of Samar, Leyte and North Panay several days ago.

Such information as has been received indicates that 260 persons were killed in Samar and Leyte and fifty in the other territory traversed by the storm. Despite the enormous damage in Tacloban, capital of Leyte, the fatalities there were less than a dozen.

The government is forwarding relief supplies to the stricken district.

No word has been received from Mindanao, except a wireless dispatch from the transport Warren, which said the storm was unusually severe.

## COLONEL WILL BE AT MEETING

Roosevelt to Help Progressives Make Plans for the Future.

Washington, Nov. 30.—Senator Joseph M. Dixon, chairman of the Progressive national committee, who has just returned from a visit to Oyster Bay, said that Colonel Roosevelt would attend the national conference of Progressive leaders to be held in Chicago on Dec. 10 and 11. Mr. Dixon also expressed the opinion that Governor Johnson would attend.

He announced that there would be a meeting of the executive committee of the national committee Dec. 9. Senator Dixon declared that he felt assured of a large attendance of representative men from the various states. The conference, he said, would be devoted largely to devising ways and means for carrying on the work of organization during the next four years.

## WOULD RECALL ALEXANDER

Former Los Angeles Assistant City Prosecutor Starts Movement.

Los Angeles, Nov. 30.—A recall movement was launched against Mayor Alexander as a direct outcome of the municipal scandal that began several weeks ago with the arrest of City Prosecutor Guy Eddie on the charge of having committed an offense against a young woman.

The head of the recall movement is Fred M. C. Choate, former assistant city prosecutor, who was dismissed from office at the order of the mayor on account of his connection with the secret arrest of Fred Lloyd, a detective, and a witness against Eddie.

The recall movement started with an advertisement for 100 men and women to circulate recall petitions.

## SUIT TO STAY DAM BUILDING

Wisconsin Governor Wants Legislation to Decide Policy.

Madison, Wis., Nov. 30.—Governor McGovern directed the attorney general to begin action to restrain the present owners of Byron dam, which crosses the Wisconsin river in Wood county, raising the dam to a height greater than eight feet.

This action is declared by the governor to be a move to protect people of the state in their water power rights. If the state is successful it will mean no dams can be built in any navigable streams in Wisconsin until the coming legislature has definitely determined upon the water power policy of the state.

## IS A LIVE TOPIC OF DEBATE.

No Reactionaries Among the Democrats of the Senate After March 4. When Joe Bailey Steps Out—Those Who Have Inclined to Follow His Ideas Have Become Progressives.

By ARTHUR W. DUNN.

Washington, Nov. 27.—[Special.]—One term and a change of the inaugural date is the talk about the capitol these days. The one term resolution is before the senate, and if its friends are in earnest they may be able to secure action upon it. So far, however, sufficient opposition has been developed to show that it cannot get through the senate or if it should it would be amended in the house by having the Henry resolution attached to it. This provides for a change in the inauguration date from March 4 until the last Thursday in April.

Both subjects will furnish a topic of debate, and it looks as if the short session will not care to do much save debate questions like these. There is a general feeling among Democrats that they had better hold up most legislation until they are in full control in the extra session.

## All Progressives.

There are to be no reactionaries among the Democrats of the senate after the 4th of March. Joe Bailey has said that he now stands alone as the man upholding the traditions of the fathers and the strict construction of the constitution. There will be no Bailey after the 4th of March, and all those who have been inclined to follow him will be found working with the so called progressives of the senate. There is a belief that they will try in the early stages to "go long" with President Wilson and keep away from party divisions.

## Seniority Undisturbed.

The fact that all Democrats in the senate will be progressives avoids any contest over chairmanships of committees that was at one time anticipated. Senator Simmons of North Carolina will be chairman of finance. Tillman of appropriations, Cullerson of judiciary, Bacon of foreign relations, Martin of commerce, Johnson of military affairs, Smith of Maryland of naval affairs, Bankhead of post-offices, Gore of agriculture, Swanson of public buildings and grounds and Newlands of interstate commerce. There may be trades and adjustments to make changes, but the right of seniority will be recognized and no effort made to displace any men because they have not been as progressive as the majority of the party or as sound on the tariff as several senators thought they should be.

## Two Positions of Honor.

In addition there are two other positions of honor to be awarded, and they will go to two of the oldest members of the senate. Bacon will be president pro tem., and Martin will be chairman of the caucus. One of these positions might have been given to Tillman if he had been in better health. Bacon, Martin and Tillman are the seniors on the Democratic side, each having eighteen years to his credit and elected for six years more, beginning March 4.

## Like Abou Ben Adhem.

Abercrombie of Alabama is like Abou ben Adhem in one respect—he leads all the rest. By reason of his name he is the first on the alphabetical list of the new house, displacing Adair of Indiana, who has been the bellwether on the Democratic side for many years. It has been claimed that one reason why Abou ben Adhem headed the list was because he had it on the alphabetical arrangement of his name.

## Jumping on Willis Moore.

When there is nothing else in sight there is always the pastime of jumping on Willis Moore, head of the weather bureau. The mention of Moore for a place in the cabinet started a fresh crop of kicks. Moore has been so long at the head of the weather bureau that he has made many enemies, and they are all trying to get him out. Charges are made to the secretary of agriculture and to congressional committees. He is investigated and exonerated, and then new charges are made. And still Moore sticks on the job.

## Will Not Be Discouraged.

For four years Secretary Meyer has recommended the creation of the grade of admiral or vice admiral for the navy, and yet no action is taken. He again recommends it to a Democratic house, which has the tendency to cut down rank instead of making new and higher grades. Meyer will probably retire from the navy department with the consciousness that he did all he could and if congress refused to preserve the navy by having higher grades it will not be his fault.

## Campbell Confident.

Phil Campbell of Kansas is confident and even optimistic. He might almost be in the same class with Charlie Hilles. The Kansas congressman asserts that the Republicans will get together and win a big victory in the next election two years hence.

## HYDE GUILTY OF BRIBERY

Former New York City Official Is Convicted.

New York, Nov. 30.—Charles H. Hyde, former city chamberlain, was found guilty of bribery in connection with the performance of his duties as a city official.

The jury rendered its verdict after nearly three and a half hours' deliberation.

Justice Goff remanded Hyde until Dec 4 and the former chamberlain was led across the Bridge of Sighs to a cell in the Tombs. It was his first taste of prison life, for he had been at liberty on bail since his indictment and during his trial.

Hyde is accused, in the words of state's counsel to the jury, of using "the power and the pressure of his official position unlawfully to induce" Joseph G. Robin, head of the defunct Northern bank, to cause the bank to loan the tottering Carnegie Trust company \$130,000.

HANGING OF INDIAN  
FOLLOWS CONCERTWarden Accedes to Novel Wish  
of Condemned Man.

San Quentin, Cal., Nov. 30.—Ed Williams, an Indian, was hanged here after the prison band had given a three-hour concert in the death chamber for his benefit.

Williams murdered his consort, Inez Brooks, in a drunken frenzy and shot several other persons. He had been reprieved several times and a day or so ago announced that he did not want any more reprieves—that he wished to be hanged promptly, if at all.

Warden Hoyle and Colonel Dennis Duffy, president of the California state board of prison directors, went to see Williams up in the top loft of the old San Quentin furniture factory, where he sat gossiping with the death watch.

"There's only one thing I'd like to have," he said in response to a query by Hoyle, "and I guess that's too much trouble. I'd like to have the band play."

The prison orchestra was sent for and huddled through the gallows room to his cell.

As Williams was led to the scaffold he paused to speak to Hoyle.

"I'm obliged to you for the music," he said.

## CONFESSES THREE CRIMES

J. F. Hickey Admits Murders and Many Assaults.

Buffalo, N. Y., Nov. 30.—The accidental killing of a man in Lowell, Mass., twenty years ago was given by John Frank Hickey in a signed confession as the starting point of a career of debauchery and crime, during which he murdered two boys and assaulted many others. Hickey's victims, according to his confession, were George Josephs, a merchant, poisoned with laudanum more than twenty years ago; Michael Krusky, twelve years old, a New York newsboy, strangled in Central park in 1902; and Joseph Josephs, the seven-year-old son of George Josephs, a merchant of Lackawanna, strangled Oct. 12, 1911.

"The details of Hickey's principal crimes are too revolting to make public," District Attorney Dudley said.

## BILL FOR BUDGET COMMITTEE

Representative Sherley Will Press Measure in House.

Washington, Nov. 30.—A revolutionary reform in the entire fiscal scheme of the government, so far as the provision of funds for governmental expenditures is concerned, is projected in a resolution to be pressed in the house at the coming session by Representative Sherley of Kentucky, the third ranking Democrat on the house appropriations committee.

Representative Sherley's resolution, introduced at the last session, contemplates the creation of a budget committee, which shall have original jurisdiction over all estimates for annual expenditures and shall allot to the various appropriation committees of the house the amounts available for the various branches of the government services.

## BUNN ON SUPREME BENCH

Minnesota Governor Makes Several Appointments.

St. Paul, Nov. 30.—Judge George L. Bunn of St. Paul, who was defeated for election as associate justice of the supreme court by Oscar Hallam, was appointed to the vacancy created on the supreme court by the promotion of Associate Justice C. L. Brown to the chief justiceship. Governor Eberhart also announced the appointment of F. M. Catlin, now chief of police in St. Paul, to fill Judge Hallam's place on the Ramsey county district bench. Under the law both appointments hold only until the next election.

Judge Bunn, who was a Ramsey county district judge, was appointed to the supreme bench in 1911 to succeed the late Judge E. A. Jaggard. He is a Democrat.

The reappointment of F. B. Wood as adjutant general of the state militia for a six-year term was also announced.

## APPEAL TO POLES TO REVOLT

Warsaw Pamphlets Ask It on Revolution Anniversary.

London, Nov. 30.—Pamphlets have been distributed in the streets of Warsaw calling upon the people to celebrate the anniversary of the Polish revolution of 1830 by declaring that the Polish nation must take active measures against Russia, says a special dispatch received here from Warsaw.

Troops patrol the city, the dispatch continues, and there have been numerous arrests of students and workmen. The managers of the Polish schools have been informed that their institutions will be closed if the students attend church services commemorating the revolution.

## PREACHER A GRAVE ROBBER

Said to Have Taken Money Buried With Indian.

Poteau, Okla., Nov. 30.—G. W. Adkins, a Baptist preacher, was convicted here on the charge of robbing the grave of Wiley Kincaide, wealthy Indian, who was buried near Brazil, Okla., more than fifty years ago. It is said a large amount of money was buried with Kincaide's body in accordance with the terms of his will.

The jury was unable to agree on a prison sentence for Adkins, who is fifty-nine years old.

Three other men are awaiting trial here on the charge of robbing the Indian's grave.

## MEXICANS MAKE NO RAIDS

Invaders Reported in Hiding in San Mateo Mountains.

Hillsboro, N. M., Nov. 30.—Merced Montoya, a merchant and rancher of Monticello, a village in Western Sierra county, who arrived here, reports that the band of men believed to be Mexican rebel or guerrillas in sympathy with the Orozco revolution, has gone on hiding in the San Mateo mountains. Montoya talked with the leader, who spoke good English.

So far as known the band has made no raids, other than possibly the killing of live stock on the range to meet their immediate needs.

Desire to Aid House Members in Framing Bills.

## PLAN IS TO WORK TOGETHER

Making of Tariff Measures Belongs Exclusively to the Lower Branch and the Senate Does Not Get a Chance to Discuss Such Legislation Until After Being Passed by House.

Washington, Nov. 30.—Representative Oscar W. Underwood, Democratic tariff leader of the house, when he begins his conference with house associates over the plans for tariff revision next spring, will be met with a suggestion from senate Democrats that the senate be given a first hand chance at the framing of the tariff bills for the Wilson administration.

A plan for co-operation between the Democrats of the two houses, which has been advocated for some time by Senator Hoke Smith of Georgia and other members of the senate, is receiving attention from incoming members and probably will have considerable support.

The making of tariff bills belongs exclusively to the house, the senate getting the measures only after the house has completed them. Democratic members of the senate finance committee are urging, however, that that body and the house ways and means committee be converted, informally, into a joint body; and that the two houses work in harmony from the beginning for the tariff legislation of the Democratic administration next summer.

Representative Underwood's arrival in Washington will bring tariff plans to the front. Members of the ways and means committee have been urged by the chairman to withhold expression of opinions; but many of them have publicly declared in favor of a revision of the tariff, schedule by schedule, the plan that will be favored it is believed, by Chairman Underwood.

This number includes Representatives Hull of Tennessee, James of Kentucky, Dixon of Indiana and Peters of Massachusetts.

## UNCLE JOE DEFENDS PARTY

Declares Republicans, Led Astray by Colonel, Will Return.

Chicago, Nov. 30.—Joseph G. Cannon, former speaker of the house of representatives, reached Chicago from his home at Danville, Ill., en route to Washington. The congressman bit into a cigar and stared at the ceiling in retrospective mood.

"I'll soon be a private citizen," he said finally. "Pretty soon I'll be out of the active game. But I'll still keep busy."

"Let me tell you something. The Republican party is still a great, big, patriotic party. It is not dead and it never will die. This defeat is not the first one in its history."

"The Progressive movement and its effect on the old party will not be everlasting. There were many good Republicans who were led astray by the personality of Colonel Roosevelt and who paid no regard to the principles he was supporting. But these good souls soon will realize their mistake and then will be back in the fold."

## JACKSON BECOMES SENATOR

Maryland Governor Names Successor to Isidor Rayner.

Baltimore, Nov. 30.—Governor Goldsborough announced the appointment of William P. Jackson, Republican national committeeman for Maryland, to succeed the late Senator Isidor Rayner.

He will serve until the legislature, which meets in January, 1914, fills what will then be an unexpired term of three years. The legislature at that time also will elect a successor to Senator John Walter Smith (Democrat) whose term will expire in 1915.

Mr. Jackson, who is a resident of Salisbury, on the eastern peninsula, has been associated with the governor socially and politically. In the recent presidential campaign he was the leader of the Taft forces in this state.

Mr. Jackson is forty-four years old and a business man of large and varied interests, chief of which is the manufacture of lumber. He is reputed to be a millionaire.

Charles A. Gillman was defeated for election to the legislature at St. Cloud by eight votes by Joseph H. Coates of Sauk Rapids. Mr. Gillman will probably ask for a recount of the votes.

Anoka has solved the water problem by sinking two artesian wells and over a thousand gallons a minute can be furnished. The wells are owned by the city and give adequate fire protection and water for all other purposes.

Theodore Roosevelt is being talked of for governor of New York in 1914 and the wise ones are figuring just how Teddy can beat the republican candidate and thus gain control of the election machinery in the state which Roosevelt prestige failed to carry into second place.

The pay roll of the Great Northern at St. Cloud for October was the largest in the history of that city, \$55,000, but the people there expect to see it reach the \$100,000 mark when the big roller mill is built and the capacity of the car shops enlarged as contemplated. St. Cloud is a good town, patterned something after the style of Brainerd.

The loaf sugar in the restaurant bowl is as great a menace to health as any anarchist bomber hurled according to Surgeon General Rupert Blue, of the public health service. The little square of loaf sugar may be germ encrusted but we would rather take chances with a bushel of the little cubes of sweetness than one red-handed anarchist with a lighted fuse.

The Minneapolis girl whose affection for Jack Johnson got the negro into trouble and landed her in jail has had the effect of bringing home some truths to the young woman, and upon her release from prison she makes the statement that "every girl who thinks she is in love ought to get thirty days in jail to think it over and make sure." Miss Cameron is correct if she means that to apply only to white girls who think they are in love with a "nigger."

The state fixes the quantity of sugar that constitutes a pound and the amount of wood that makes a cord, and when people buy either they are entitled to the amount the state says is a cord or a pound. Bemidji people are being instructed in the matter and the dealers warned that their violations must cease. There is no such thing as a "cord of 16 inch wood" and the dealer who sells a "cord" of wood and delivers less than 128 cubic feet is a violator. Meat must not be charged "one

steak \$4.50" but must state the pounds and ounces in the steak, in order to be within the meaning of the law. The state is going on the theory that the public are entitled to all that is coming to them, and are trying to make it possible to get it.

Senator Clapp has given assurance that he will stay in the republican ranks and refuses to follow the "bull moose movement" according to a published statement in the twin city papers. It is understood that a conference in St. Paul before his departure for Washington the junior senator stated his position and announced his intention of working with Senator LaFollette in the republican party. With the exception of Dixon, whose term expires next March, and possibly Poindexter the progressive senators will continue as republicans and work for progressive leadership in the party, instead of following a third party movement. Senator Clapp's most intimate friends have contended all along that it was not his intention to desert the party but that he would be found working to cure the ills within the party rather than the establishment of a third or new party with the end in view of supplanting the political organization that had honored him to so great an extent in the past.

C. J. O'Connell of the Deerwood and Crosby assay offices, was in Brainerd yesterday. On a recent visit to this city Mr. O'Connell was nearly run down by a passenger locomotive. He had his back to the incoming Staples train and the steam chest of the engine struck his arm a blow, injured his wrist and luckily for the range man, tossed him aside and out of its path.

A large seat sale, evidence of the interest of the people in tonight's play, "The Fortune Hunter," marks the entrance of the company to Brainerd today. This is a good show one of the best which Brainerd is to see this season. Manager Frank G. Hall is assured that this company is a good one. It is a play which will please all and sends one from the opera house in a happy mood.

The Knights of Columbus initiatory ceremonies at Fargo, N. D., were conducted on the grandest scale ever attempted. Brainerd lodge sent its degree team to the gathering and ten young men of the city exemplified the third degree, winning much commendation for their fine work. At the banquet in the evening 650 Knights were in attendance. Attorney W. W. Barron was among the speakers.

George E. Lowe, switch foreman of the Northern Pacific railway, tells a funny story about his little five year old boy. The other morning

his mother sent him upstairs to wake a roomer who wished to get up at a certain hour. The little fellow came down the steps very quietly and his mother asked him if he had carried out his errand. "Yes, I waked the lady" he said. "I wrote a note for her to get up and put it under the door."

Thanksgiving was celebrated not alone at the homes and the churches of the city but at the hospitals too. The sisters of St. Joseph hospital, in their quiet, unostentatious way, contributed much to spreading the good cheer of Thanksgiving day. They extend their heartfelt thanks to all individuals and firms who made donations to them, thanks which are re-echoed by all who in turn received the bounties at the hands of the good sisters.

## BOOSTER'S CLUB IS ORGANIZED

Association Starts Out With 17 Charter Members, Meeting Last Evening in Gardner Block

**CLUB WILL BOOST BRAINERD**  
With Charity Towards all and Good-will for Everything Which May Boost Brainerd Ahead

With charity towards all, malice towards none and goodwill for every project which will boost Brainerd to be a bigger and better city, there was organized in the Gardner block last night the Boosters club of Brainerd with a charter membership of 17.

The gentlemen met at the office of George H. Gardner, one of the movers in the enterprise. Gardner was elected secretary and Attorney Jay Henry Long chairman. The subject of organization was informally discussed by those present and by-laws adopted to govern the actions of the club.

The charter list includes E. Kronberg, H. H. Baker, L. W. Sherlund, Dr. Joseph Nicholson, W. E. Neal, John A. Hoffbauer, Charles W. Mahlum, John T. Imgrund, W. W. Barron, H. A. Carmichael, B. C. McNamara, Rev. Bernard Campbell, O. A. Peterson, Roy N. Zierke, H. C. Zierke, Geo. H. Gardner, Jay Henry Long.

The election of officers was deferred to the next meeting at Gardner hall on Thursday evening, December 5th, at which time a president, vice president, secretary, treasurer and sergeant-at-arms will be elected and standing committees announced. The term of office is to be six months.

Attorney Gardner distributed the cigars with a lavish hand and while the smoke curled about the room the club completed its organization. A committee was appointed to continue the agitation for more members and on this committee were placed the temporary chairman, the temporary secretary, W. W. Barron and E. Kronberg. Rev. Campbell was most desirous of having the club adopt a distinctive badge or button, colors and uniforms and so another committee was appointed to attend to this matter and its membership includes Rev. Campbell, W. W. Barron and J. A. Hoffbauer.

The meeting was a most harmonious one. The club, as was explained, is formed to boost. As announced in the notices sent out for the gathering: "We want to get together a lot of active citizens in such an organization and after being organized we propose to DO SOMETHING."

If the club does nothing more than promote a spirit of boosting, of speaking well of Brainerd, of believing in the town and trying to make ones dreams come true and utilizing every advantage and agency possible to make this a town of 50,000 people in five years, no one will say that the efforts of the Boosters club have been in vain.

### Notice to Electric Light Consumers

\$3,425 RAISED BY Y. M. C. A.

Lunch Will be Served to Workers of Y. M. C. A. at Building Tonight

At noon today \$3,425 of the \$3,750 needed to clear the Y. M. C. A. of its indebtedness had been raised. It has been planned to close the active work of the campaign tonight and it is hoped that the full amount will be raised by that time. On account of the small number of men who could give time to canvassing the work has been delayed and even yet all the people have not been seen. The directors want to give every man in town an opportunity to contribute so if you happen to be one of those that have not been visited by the workers please telephone your subscription and it will be duly recorded. Every dollar will be needed and money from unexpected or unsolicited sources will be a double cause of gratification.

A lunch will be served for the workers at the Y. M. C. A. building again tonight at seven o'clock. Those who attended the first meeting held at the Seventh Street Norwegian Lutheran church are especially requested to be present tonight.

## TO ORGANIZE NEW CHURCH IN CROSBY

Swedish Evangelical Lutheran Emanuel Church Files Preliminary Incorporation Papers

**ANOTHER SCHOOL IS NEEDED**  
Growth of Cuyuna Range Town of Crosby Calls for Additional School Room

Crosby, Minn., November 30.—The Swedish Evangelical Lutheran Emanuel church has filed its preliminary incorporation papers at the county seat. A meeting for the purpose of organization was held at which time Dr. J. A. Kranz was elected chairman of the evening and Richard Johnson secretary. They hold office until the first meeting in January, 1913. The following are charter members of the church: Richard Johnson, Hans Anderson, Ed. Lovdahl, Magnus Anderson, Emil Anderson, Louis Johnson, Claus Bergstrom, Olaf K. Swedberg, A. O. Anderson, Wm. Johnson and Bruno Olsson. Later Rev. Svante Anderson presided as chairman. Much enthusiasm is being manifested in the matter and Crosby is assured of another church.

The election held for the purpose of voting on two school sites, while a quiet affair, carried without a dissenting vote. More school room is imperatively needed and it is now believed that by the time the school term opens next fall that the pupils will be housed in a new building. The consensus of opinion among the business men is that Crosby should have at least a twelve room school which would cost about \$60,000 to \$75,000. If indications count for anything it is certain that Crosby will be able to very nearly fill a building of that size by the time it is completed. At this time there are enough pupils to fill another school the size of the one the town now has.

Shawmut Company and John D. Lamont Wish Land Detached From Town of Ironton

VERMES-CUYUNA MINING CO.

Acquire Valuable Holdings in 8-46-29—Company to Have Headquarters in Brainerd

The Shawmut company, a mining corporation, and John D. Lamont have filed with the county auditor their petition to be detached from the corporate limits of Ironton. The petition will come before the board of county commissioners for hearing on the December 3rd meeting. The lands which they seek to have detached comprise lots 1, 4 and 5, the northeast quarter of the southwest quarter, the southwest quarter of the southwest quarter, the southwest quarter of the northeast quarter, the southeast quarter of section 9, the southwest quarter of the northeast quarter, the west half of the southeast quarter, and the southeast quarter of the southwest quarter of section 10, township 46, range 29.

The Vermes-Cuyuna mining company is about to establish its headquarters in Brainerd. As soon as a reorganization has been effected by the addition of many local men, the change will be made and the mining company will be a permanent Brainerd institution. After considerable labor the Vermes-Cuyuna mining company has acquired a lease of the northeast quarter of section 8, township 46, range 29 owned by Henry Sapdigh of Crosby, A. F. Gross of Duluth and twenty or more other fee owners. The property is most advantageously situated. Explored land is all around them. Near by is the Cuyuna-Mille Lacs company mine in section 3, township 46, range 29 from which ore is now being shipped. South lies the hydraulic stripping proposition of the Carlson-Williams interests in sections 17 and 18, township 46, range 29. In section 9, township 46, range 29 is the property of the Mangan Iron & Steel company now being explored. On the northwest corner of the latter property a test pit has been sunk 600 feet from the Vermes-Cuyuna land. Gaylord and Gulth have been given the contract for 1,500 feet of drilling and will commence work by the tenth of December. The next meeting of the directors will be held in Brainerd.

P. H. Nelson of Duluth, has transferred to the Williams-Carlson Ore company an option for a mining lease granted him by the Cuyuna Iron Ore company. In the memorandum accompanying the lease Mr. Nelson stated that he planned on sinking a row of holes across lot 9 in section 18, township 46, range 29, drilling the holes about 100 feet apart. The lease, which also covers lot 8, is of 50 years duration and the royalty is 53 cents a ton. For the year commencing August 1, 1913, not less than 25,000 tons is to be mined, the next year 35,000, third year 45,000 and the fourth and every year thereafter the minimum tonnage is to be 50,000.

The Iron Mountain Mining company, whose property is situated north of Crosby, has 800 tons of high grade manganese ore in its dump taken out of the mine during the process of opening up its property. The present shaft is to be enlarged to three compartments to the 130 foot level. At present the shaft is 120 feet deep. The Iron Mountain people and its vice-president B. F. Forrester and secretary P. J. St. Germain are confident that either the Soo or the Cuyuna Northern railway will soon build to the mine. Stockholders of the company will hold a special meeting at Duluth on December 5th to decide whether or not they are to mine their own property.

Thus far the company has done nothing to its holdings on the Cuyuna range but to explore and develop them. For some time it has been a question with the management of the company whether to lease the property or take the mining into its own hands. The company will, it is expected, employ 25 men steadily throughout the winter, working two shifts a day.

The announcement that the E. J. Longyear company of Minneapolis had closed a lease for lands in section 13, township 45, range 30 was premature. The land is covered by an option for a lease. The company is drilling the property and if things are favorable the Longyear company will lease from local people including Cuyler Adams and F. A. Edson of Deerwood.

The Cuyuna-Duluth Mining company has pulled its drills from the Federal property near Cuyuna. The Helmer Exploration has two drills at work in section 30, township 47, range 28. One of their drills has been exploring Joseph Raymond's subdivision near Crosby, and another drill is exploring the O. P. Erickson farm near Serpent lake on its north shores. The Helmer people also have a drill in the Pine River country.

Dale & Bumgardner are grading the ground necessary for stockpiles at the Armour No. 1 and Armour No. 2 mines. Loerch Brothers of Hibbing, have examined the Cuyuna range and may establish a branch laboratory.

The Cuyuna-Duluth Mining company has recently received over the Cuyuna Northern railway large shipments of mining timbers. Capt. William Pascoe has the Ironton shaft down 10 feet. He made one of the best records on the range in sinking the Cuyuna-Mille Lacs Co. shaft in section 3, township 46, range 29.

Increasing freight business at Deerwood and its importance as a distributing center may add another local freight to Lake Superior division train service. The new local freight would run between Duluth and Deerwood in addition to the present freight running between Duluth and Brainerd.

Frank A. Edson, representing various Duluth parties, has resumed drilling in section 29, township 47, range 27 north of Cedar Lake. The Wall-Rydberg people have a drill in section 33, township 136, range 26 north of Big Rabbit lake and are reported to be in ore.

Drills are busy, all mines are stockpiling and adding crews and the prospects for a good winter and a great shipping season are certain. At the Barrows mine of the south range Finnish miners have arrived from the Mesaba ranges and the town of Barrows has not an empty house and additional cottages must soon be built to house the increasing population.

### BARROWS ITEMS

A Splendid Thanksgiving Entertainment at the School—Much Credit Due Miss Staples

A Thanksgiving entertainment was given at the Barrows school on Wednesday evening and it was a most successful affair, the attendance being large and all expressing themselves as pleased. Much credit is due the teacher, Miss Mae Staples of Brainerd, in planning the entertainment and bringing it to a successful conclusion. The school children gave various recitations and other numbers. The older people gave a farce, a playlet entitled "A Trip to Loon Town." The scene of the play is supposed to be laid on a railway train. It caused much amusement. Gusie Small, of Brainerd, sang a solo and was enthusiastically applauded for the song and encore he gave. In order to secure partners for supper the ladies and gentlemen each received a clothespin bearing half a motto. When the mottos were eventually properly paired off the owners marched to supper. The dance at the Barrows town

hall scheduled for Saturday evening, November 30th, has been postponed one week. This will be a most enjoyable function. Good music has been engaged and many have expressed their intentions of attending the dance.

A turkey shoot was held at Barrows Thanksgiving day and a lot of ammunition was burned up trying to shoot the elusive turkey gobblers. F. S. Sherman, who has been chief clerk at the Barrows mine from the very start, will soon leave for Crystal Falls, Mich., to take a position under I. S. Roe, the former superintendent of the Barrows mine. Mr. Sherman has been a most popular employee of the mine. He has made many friends who will regret to see him go, friends at Barrows and at Brainerd. People will miss the jolly little speeches which Mr. Sherman could deliver so well. As a singer he has often taken part in the services at St. Paul's Episcopal church in Brainerd.

### THE WISE VIRGIN

Methodist Churchgoers to Carry Their Lamps Filled With Oil to Evening Worship Sunday

The parable of the wise virgin is to be exemplified at the Methodist church Sunday evening. Owing to repairs at the local power plant, the residence district will be without much light to speak of and Rev. Ebert E. Satterlee was in doubt as to whether he was to hold forth in a flood of light or speak in the dark. So he wisely notified his congregation:

"All who can do so are requested to bring a lamp or a lantern to help out on the light for the evening service."

This will serve a double purpose. It will light the church and it will also light the path of the churchgoer to and from church. Other churches might pattern after Rev. Satterlee's suggestion, for it's a good one.

## BOOSTER'S CLUB IS ORGANIZED

Association Starts Out With 17 Charter Members, Meeting Last Evening in Gardner Block

### CLUB WILL BOOST BRAINERD

With Charity Towards all and Goodwill for Everything Which May Boost Brainerd Ahead

With charity towards all, malice towards none and goodwill for every project which will boost Brainerd to be a bigger and better city, there was organized in the Gardner block last night the Boosters club of Brainerd with a charter membership of 17.

The gentlemen met at the office of George H. Gardner, one of the movers in the enterprising city. Gardner was elected secretary and Attorney Jay Henry Long chairman. The subject of organization was informally discussed by those present and by-laws adopted to govern the actions of the club.

The charter list includes E. Kronberg, H. H. Baker, L. W. Sherlund, Dr. Joseph Nicholson, W. E. Neal, John A. Hoffbauer, Charles W. Mahlum, John T. Imgrund, W. W. Barron, H. A. Carmichael, B. C. McNamara, Rev. Bernard Campbell, O. A. Peterson, Roy N. Zierke, H. C. Zierke, Geo. H. Gardner, Jay Henry Long.

The election of officers was deferred to the next meeting at Gardner hall on Thursday evening, December 5th, at which time a president, vice president, secretary, treasurer and sergeant-at-arms will be elected and standing committees announced. The term of office is to be six months.

Attorney Gardner distributed the cigars with a lavish hand and while the smoke curled about the room the club completed its organization. A committee was appointed to continue the agitation for more members and on this committee were placed the temporary chairman, the temporary secretary, W. W. Barron and E. Kronberg. Rev. Campbell was most desirous of having the club adopt a distinctive badge or button, colors and uniforms and so another committee was appointed to attend to this matter and its membership includes Rev. Campbell, W. W. Barron and J. A. Hoffbauer.

The meeting was a most harmonious one. The club, as was explained, is formed to boost. As announced in the notices sent out for the gathering: "We want to get together a lot of active citizens in such an organization and after being organized we propose to DO SOMETHING."

If the club does nothing more than promote a spirit of boosting, of speaking well of Brainerd, of believing in the town and trying to make ones dreams come true and utilizing every advantage and agency possible to make this a town of 50,000 people in five years, no one will say that the efforts of the Boosters club have been in vain.

\$3,425 RAISED BY Y. M. C. A.

Lunch Will be Served to Workers of Y. M. C. A. at Building Tonight

At noon today \$3,425 of the \$3,750 needed to clear the Y. M. C. A. of its indebtedness had been raised. It has been planned to close the active work of the campaign tonight and it is hoped that the full amount will be raised by that time. On account of the small number of men who could give time to canvassing the work has been delayed and even yet all the people have not been seen. The directors want to give every man in town an opportunity to contribute so if you happen to be one of those that have not been visited by the workers please telephone your subscription and it will be duly recorded. Every dollar will be needed and money from unexpected or unsolicited sources will be a double cause of gratification.

A lunch will be served for the workers at the Y. M. C. A. building again tonight at seven o'clock. Those who attended the first meeting held at the Seventh Street Norwegian Lutheran church are especially requested to be present tonight.

## TO ORGANIZE NEW CHURCH IN CROSBY

Swedish Evangelical Lutheran Emanuel Church Files Preliminary Incorporation Papers

ANOTHER SCHOOL IS NEEDED  
Growth of Cuyuna Range Town of Crosby Calls for Additional School Room

Crosby, Minn., November 30.—The Swedish Evangelical Lutheran Emanuel church has filed its preliminary incorporation papers at the county seat. A meeting for the purpose of organization was held at which time Dr. J. A. Kranz was elected chairman of the evening and Richard Johnson secretary. They hold office until the first meeting in January, 1913. The following are charter members of the church: Richard Johnson, Hans Anderson, Ed. Lovdahl, Magnus Anderson, Emil Anderson, Louis Johnson, Claus Bergstrom, Olaf K. Swedberg, A. O. Anderson, Wm. Johnson and Bruno Olsson. Later Rev. Svante Anderson presided as chairman. Much enthusiasm is being manifested in the matter and Crosby is assured of another church.

The election held for the purpose of voting on two school sites, while a quiet affair, carried without a dissenting vote. More school room is imperatively needed and it is now believed that by the time the school term opens next fall that the pupils will be housed in a new building. The consensus of opinion among the business men is that Crosby should have at least a twelve room school which would cost about \$60,000 to \$75,000. If indications count for anything it is certain that Crosby will be able to very nearly fill a building of that size by the time it is completed. At this time there are enough pupils to fill another school the size of the one the town now has.

Shawmut Company and John D. Lamont Wish Land Detached From Town of Ironton

### VERMES-CUYUNA MINING CO.

Acquire Valuable Holdings in 8-46-29—Company to Have Headquarters in Brainerd

The Shawmut company, a mining corporation, and John D. Lamont have filed with the county auditor their petition to be detached from the corporate limits of Ironton. The petition will come before the board of county commissioners for hearing on the December 3rd meeting. The lands which they seek to have detached comprise lots 1, 4 and 5, the northeast quarter of the southwest quarter, the southwest quarter of the northeast quarter, the southeast quarter of the northwest quarter of section 9, the southwest quarter of the northeast quarter, the west half of the southeast quarter, and the southeast quarter of the southwest quarter of section 10, township 46, range 29.

The Vermes-Cuyuna mining company will be a permanent Brainerd institution. After considerable labor the Vermes-Cuyuna mining company has acquired a lease of the northeast quarter of section 8, township 46, range 29 owned by Henry Sapling of Crosby. A. F. Gross of Duluth and twenty or more other fee owners. The property is most advantageously situated. Explored land is all around them. Near by is the Cuyuna-Mille Lacs company mine in section 3, township 46, range 29 from which ore is now being shipped. South lies the hydraulic stripping proposition of the Carlson-Williams interests in sections 17 and 18, township 46, range 29. In section 9, township 46, range 29 is the property of the Mangan Iron & Steel company now being explored. On the northwest corner of the latter property a test pit has been sunk 600 feet from the Vermes-Cuyuna land. Gaylord and Guith have been given the contract for 1,500 feet of drilling and will commence work by the tenth of December. The next meeting of the directors will be held in Brainerd.

P. H. Nelson of Duluth, has transferred to the Williams-Carlson Ore company an option for a mining lease granted him by the Cuyuna Iron Ore company. In the memorandum accompanying the lease Mr. Nelson stated that he planned on sinking a row of holes across lot 9 in section 18, township 46, range 29, drilling the holes about 100 feet apart. The lease, which also covers lot 8, is of 50 years duration and the royalty is 53 cents a ton. For the year commencing August 1, 1913, not less than 25,000 tons is to be mined, the next year 35,000, third year 45,000 and the fourth and every year thereafter the minimum tonnage is to be 50,000.

The Iron Mountain Mining company, whose property is situated north of Crosby, has 800 tons of high grade manganese ore in its dump taken out of the mine during the process of opening up its property. The present shaft is to be enlarged to three compartments to the 130 foot level. At present the shaft is 120 feet deep. The Iron Mountain people and its vice-president B. F. Forrestal and secretary P. J. St. Germain are confident that either the Soo or the Cuyuna Northern railway will soon build to the mine. Stockholders of the company will hold a special meeting at Duluth on December 5th to decide whether or not they are to mine their own property.

Thus far the company has done nothing to its holdings on the Cuyuna range but to explore and develop them. For some time it has been a question with the management of the company whether to lease the property or take the mining into its own hands. The company will, it is expected, employ 25 men steadily throughout the winter, working two shifts a day.

The company is drilling the property and if things are favorable the Longyear company will lease from local people including Cuyler Adams and F. A. Edson of Deerwood.

The Cuyuna-Duluth Mining company has pulled its drills from the Federal property near Cuyuna. The Helmer Exploration has two drills at work in section 30, township 47, range 28. One of their drills has been exploring Joseph Raymond's subdivision near Crosby, and another drill is exploring the O. P. Erickson farm near Serpent lake on its north shores. The Helmer people also have a drill in the Pine River country.

Dale & Bumgardner are grading the ground necessary for stockpiles at the Armour No. 1 and Armour No. 2 mines. Loerch Brothers of Hibbing, have examined the Cuyuna range and may establish a branch laboratory.

The Cuyuna-Duluth Mining company has recently received over the Cuyuna Northern railway large shipments of mining timbers. Capt. William Pascoe has the Ironton shaft down 10 feet. He made one of the best records on the range in sinking the Cuyuna-Mille Lacs Co. shaft in section 3, township 46, range 29.

Increasing freight business at Deerwood and its importance as a distributing center may add another local freight to Lake Superior division train service. The new local freight would run between Staples and Deerwood in addition to the present freight running between Duluth and Brainerd.

Frank A. Edson, representing various Duluth parties, has resumed drilling in section 29, township 47, range 27 north of Cedar Lake. The Wall-Rydberg people have a drill in section 33, township 136, range 26 north of Big Rabbit lake and are reported to be in ore.

Drills are busy, all mines are stockpiling and adding crews and the prospects for a good winter and a great shipping season are certain. At the Barrows mine of the south range Finnish miners have arrived from the Mesaba ranges and the town of Barrows has not an empty house and additional cottages must soon be built to house the increasing population.

current has caused trouble among all power users and nowhere was it felt more than at the hospitals, where surgeons in the midst of the most delicate and dangerous operations have often had to wait until lamps could be substituted and a lamp, by the way, does not give half of the penetrating light which good electric light does. Moments of suspense like that are

dreaded by both doctors and nurses and all hope that the repairs soon to be inaugurated by the power company will put Brainerd's lighting plant in a good, dependable condition. True, it must not be forgotten that Brainerd is getting the cheapest current in this county. Crosby pays from 10 cents to 12 cents a kilowatt while Brainerd citizens pay six and one-half cents a kilowatt. The action on the part of the local company to make repairs next week shows that something is to be done to relieve the cry for better and more continuous light.

Harvey Stock Company

Lovers of the drama—played as it should be—by an excellent cast and properly staged will have a feast awaiting them all next week at the Brainerd theatre when the famous Harvey stock company appears for

the entire week. As their opening offering the Harvey company offers the four act comedy drama, "The Dawn of a New Tomorrow." It is a play with a story that reaches down to the bottom of one's heart strings and grips with a firmness that is lasting until with a sigh you real-

ize that the final curtain has fallen and it is time to leave the theatre. The interest is so great throughout the action of the play that it is almost possible to hear the proverbial pin drop. During the week nothing but the highest class of plays will be offered and between the acts of all will be seen polite vaudeville fea-

tures. For week commencing tomorrow, Sunday, December 1. Prices 10c, 20c and 30c.

**Are You Parting Your Hair Or Is Your Hair Departing?**  
  
**Newbro's Herpicide**

**SAVES THE PARTING BY CHECKING THE DEPARTING**

Watch the part. It is there that approaching baldness is often first detected. The parting looks uneven, unhealthy. The white streak is gradually growing wider. You may not notice this from day to day but watch the parting from month to month. As further evidence of what is happening look at your brush or comb. It is clogged with dead hair and dandruff after every combing. The hair is gradually dying and coming out and the streak is becoming daily a little wider. The dandruff germ is doing this and the work of destruction cannot be checked until the dandruff is eradicated and the germ destroyed. It is a condition requiring the prompt and intelligent use of Newbro's Herpicide, if total baldness is to be escaped. The invisible microbe growth never hails in the hair killing process. In a short time a bare spot is seen at the crown of the head. The hair bulbs are robbed of life and finally there is no help but a wig. Don't wait. Herpicide kills the germ, gives life and vigor to the hair and prevents it from departing. An absolute guarantee with the one dollar size bottle.

Write Ideas for Moving Picture Plays!

**YOU** Can Write Photo Plays and Earn \$25 or More Weekly

**We will Show You How**

If you have ideas—if you can THINK—we will show you the secrets of this fascinating new profession. Positively no experience or literary excellence necessary. No "flowery language" is wanted.

The demand for photoplays is practically unlimited. The big film manufacturers are "moving heaven and earth" in their attempts to get enough good plots to supply the ever increasing demand. They are offering \$100 and more for single scenarios, or written ideas.

Nearly all the big film companies, the buyers of photoplays, are located in or near NEW YORK CITY. Being right on the spot, and knowing at all times just what sort of plots are wanted by the producers, our SALES DEPARTMENT has a tremendous advantage over agencies situated in distant cities.

We have received many letters from the big film manufacturers, such as VITAGRAPH, EDISON, ESSANAY, LUBIN, IMP, SOLAX, REX, RELIANCE, CHAMPION, COMET, MELIES, ETC., urging us to send photoplays to them. We want more writers and we'll gladly teach you the secrets of success.

**We are selling photoplays written by people who "never before wrote a line for publication."**

Perhaps we can do the same for you. If you think of only one good idea every week, and will write it out as directed by us, and it sells for only \$25, a low figure,

**You will earn \$100 Monthly for spare time work**

**FREE** Send your name and address at once for free copy of our illustrated book, "Moving Picture Playwriting"

Don't hesitate. Don't argue. Write NOW and learn just what this new profession may mean to you and your future.

## LOCAL NEWS NOTES

(Continued from page 2)

current has caused trouble among all power users and nowhere was it felt more than at the hospitals, where surgeons in the midst of the most delicate and dangerous operations have often had to wait until lamps could be substituted and a lamp, by the way, does not give half of the penetrating light which good electric light does. Moments of suspense like that are

dreaded by both doctors and nurses and all hope that the repairs soon to be inaugurated by the power company will put Brainerd's lighting plant in a good, dependable condition. True, it must not be forgotten that Brainerd is getting the cheapest current in this county. Crosby pays from 10 cents to 12 cents a kilowatt while Brainerd citizens pay six and one-half cents a kilowatt. The action on the part of the local company to make repairs next week shows that something is to be done to relieve the cry for better and more continuous light.

## Most Certainly—Go To Your Doctor

And why not? Yet some people act as if a medicine could take the place of a doctor! The best medicine in the world cannot do this. Have a family doctor, consult him frequently. If we did not believe doctors endorsed Ayer's Cherry Pectoral for coughs and colds, we would not offer it to you.

## "LEAVE IT TO ME"

says the husband "to look after the coal supply." But "Lest he forget" we suggest that wives do the ordering and let the husbands pay the bill. You don't have to come here to give your order. Just phone us what kind and how much coal you require and we will do the rest.

## GO TO THE RESCUE

Don't Wait 'Till it's Too Late—Follow the Example of a Brainerd Citizen

Rescue the aching back. If it keeps on aching, trouble may come. Often it indicates kidney weakness. If you neglect the kidneys' warning, Look out for urinary disorders. This Brainerd citizen will show you how to go to the rescue.

Mrs. John Nelson, 309 Quince St., Brainerd, Minn., says: "About two years ago we used Doan's Kidney Pills, procured at H. P. Dunn's drug store and found them so effective that we publicly endorsed them. They brought relief from pains in the back and head and other distressing symptoms of kidney complaint. The lapse of time has only served to increase our high opinion of Doan's Kidney Pills.

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States.
